IT Trainee Cloud Engineering (m/f/d)

This trainee role is part of an 18 month trainee program where individuals will gain insights in all areas of cloud engineering at Amadeus. As an active member of the development team in Erding individuals will support the migration to the cloud and define cloud based applications for the travel industry. During this process mentors will support and accompany the individuals on their journey through the cloud. They will receive training throughout the program to advance their knowledge on the latest technologies such as OpenShift, Kubernetes, OpenStack, Ansible etc.

Summary of position:

- Participate in exciting projects regarding cloud, cloud migration, platform design, stability and security of systems (on-prem in the Amadeus data center and in the cloud)
- Access internal and external trainings, certifications and conferences, especially in the cloud area
- Work with top-notch technology solutions, such as OpenShift, Kubernetes, OpenStack, Docker, Ansible, Bitbucket, Jenkins, Elasticsearch & Kibana, Couchbase, MongoDB, Redis, Splunk and many more
- Participate in international teams and DevSecOps Model and many more

Amadeus skills and competencies required:

- A Bachelor’s degree focusing on computer science, computer engineering, business informatics or similar
- Interest in cloud technology, potentially already backed up with initial work experience
- Positive spirit, a can-do attitude and a passion for collaboration
- Very good coding skills for example in python, java or C++
- Understanding of agile working methods
- A drive to learn and bring in new ideas, test and implement them
- Very good English skills

What we offer:

- High learning curve also in cooperation with our strategic cloud partner
- Support and guidance through our mentoring and buddy program
- Permanent contract with flexible working hours, home office arrangement and trust-based working hours
- Wide range of specialization opportunities and perspectives after the trainee program
- Additional benefits, such as fitness training, canteen, insurance, job bike, etc.

Please note that we can be flexible on the start date of your trainee program, including dates starting in 2022!

We are an Equal Opportunity Employer and seek to hire the best candidate regardless of age, beliefs, disability, ethnicity, gender or sexual orientation.
